

PUBLIC LEDGER

THIRD YEAR.

MAYSVILLE, KY., THURSDAY, JUNE 7, 1894.

ONE CENT.

Tan and White Kid Low Shoes at Peccos.

The Cincinnati Southern road has laid off fifty men at Somerset on account of depression business.

The Louisville Jockey Club Association at a recent meeting lost \$8,000, owing to lack of interest shown by the public.

It is beyond question that Ayer's Cherry Pectoral leads the list of remedies for diseases of the throat and lungs.

Professor Alley and all the old teachers except Miss Nannie Murphy were elected to serve at the Ripley Public Schools.

James P. Harbeson, Jr., one of Flemingsburg's most popular young men, will graduate this month from West Point.

Received today direct from California, Port Sherry and Claret Wine. G. W. ROGERS & CO.

The seven-year-old boy of Alf. Rogers of Sandy Ridge, Ballard county, was burned to a crisp while playing with fire.

The members of the M. E. Church, South Sunday-school are requested to meet at the church this afternoon at half-past 3 o'clock.

Oliver Hord, son of Mr. and Mrs. Abner Hord, has passed a successful examination at Annapolis, and will leave tomorrow on a cruise to France. This is in line of all Mason county boys. They are bound to make themselves known by their works, especially their good works.

We are in receipt of a beautiful folder entitled "Summer Excursion on the Hudson of the West." A song is on the inside of the folder, composed by Will S. Hays, entitled "City of Louisville." It is by the Cincinnati and Louisville Packet Company, and is a very beautiful thing.

Charles Marshall, one of Mt. Carmel's most valued citizens, died Tuesday night about 8 o'clock, aged 70 years. He leaves a wife and three children—one son and two daughters—all grown. Funeral services were held at the residence this morning at 10 o'clock by Rev. J. R. Peebles.

The young ladies of the Holy Redeemer Church of Portsmouth will give an excursion to this city on July 4th on a steamer City of Madison. We will try and entertain the young ladies, as Mayville boys are on the lookout for a revival of the matrimonial market. Come on girls, the city will be yours.

An exchange is in Fleming county the young couple, both of whom are of years of age. They have kept house for six years, and never until last week possessed a cooking stove. They have always cooked over an old-fashioned fire-place with pot-hook and have done their baking in a "Dutch" oven.

On Sunday evening the residents in the neighborhood of sixth and Limestone streets were startled by the report of something like a cannon. Upon investigation it proved to be George Strawder. He was only up at the roof of his house shooting at a black snake 6 feet 7 inches in length. George is a good marksman, having shot inside a barn when the doors were open, and of course when he fired the gun the snake, tree and several barrels went out of the scrape. But if he will only notify the people the next time he goes to shoot there will be some moving done.

Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty-five years. On the 20th of May, while in Des Moines, en route to Chicago, he was suddenly taken with an attack of diarrhoea. Having sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for the past seventeen years, and knowing its value, he procured a 25 cent bottle, two doses of which completely cured him.

It would have been very bad indeed if Mrs. Hord lost her beautiful home, and we would suggest the next time the young people have a social gathering it will be out on the lawn, using the beautiful canopy of heaven for a covering, and there will be no objection of the shade.

A hacking cough is a weakness to the flesh; but Ayer's Cherry Pectoral is a cure that never fails.

The Mayville District Conference will convene at the M. E. Church, South, at Washington Monday, the opening sermon being preached that night.

Glasses fitted by Dr. Julius King's system at P. J. Murphy's the Jewer and Optician. Glasses fitted by this system are guaranteed to give satisfaction or money refunded.

Professor Flower, the gentleman of color who was made to emigrate from this city, is holding up the citizens of Flemingsburg. Give him what he got here, neighbors.

O. V. are very significant. When a man gets one of the O. V. B. he gets the very best Razors made. The best Razor is one of the best blessings allotted to man. Frank Owens Hardware, Co., can furnish the identical self-same.

IT'S SO IF IT'S IN THE LEDGER.

Waldo Hamilton sends 1,600 stamps for Miss Dolly Rose.

Mathews & Leroy's Orchestra will furnish the music at Glen Springs this season.

Russell has a baseball club made up of C. and O. trainmen, who style themselves the F. F. V. S.

The seven-year-old child of Harman Grace, a farmer near Salyersville, was killed Saturday by a log rolling over him.

William Nash, the oldest editor in Ohio, died at his home in Gallipolis Tuesday morning. He was editor of the Gallipolis Journal.

Coal continues to be very scarce in Lexington. Many of the dealers are entirely out and the prospects for an early replenishment are not at all bright.

The recent rise in the Big Sandy has been the cause of distributing about \$125,000 among the people of that section. There were about 500 raths put out making a total of 25,000 logs.

The Boston the other day paid ten cents a bushel for slack. Some idea of the profit of steamboating just now can be had by the statement that at that rate her fuel supply would cost a little over \$500 a week.

Be careful, farmers. R. A. Waller of near Unington sowed 11 acres of ground in timothy, and it came up thick and uniform but metamorphosed into that number of acres of "cheat." There was not a head of timothy in the whole field.

The Henry M. Stanley from Kanawha went into Cincinnati Monday with 136 hds of tobacco, 950 beer kegs, 10 folding beds, 95 cases of eggs, 32 cases of poultry, 30 bales of moss, 45 sacks of paper stock, 5,000 feet of lumber, 35 large tierces, 112 head of stock and 105 passengers.

Are you insured? If not, now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as an insurance against any serious results from an attack of bowel complaint during the summer months. It is almost certain to be needed and should be procured at once. No other remedy can take its place or do its work. Twenty-five and fifty cent bottles for sale by Theo. Power, Druggist.

Look at the State, Boys. Winchester Democrat.

The officers of one of our city churches are seriously considering a plan whereby the loading of young men in the lobby of the church can be avoided. It has been suggested that a slate be hung in the vestibule so that the young ladies of the city may register before entering the place of worship. The young men who are in the habit of coming around just before the close of service could then consult the slate instead of continually annoying those inside by opening the doors to ascertain if the girls are inside.

It is a good plan, and in some manner had caught on in the church where the young men were in the habit of coming around just before the close of service could then consult the slate instead of continually annoying those inside by opening the doors to ascertain if the girls are inside.

A streak of luck Was all that saved the Residence of Mrs. Abner Hord Near Helena.

Last Friday evening as Miss Hord was entertaining a number of her most intimate friends an accident happened that came near causing the loss of the beautiful home with its contents.

One of the young ladies went to pass the piano lamp and in some manner had caught an ornament in her dress which caught in the lace on the shade of the lamp, overturning it, breaking the lamp, spilling the oil off on the carpet, which ignited and in a moment all was confusion.

All the young ladies present beat a hasty retreat, but the gallant young men rushed to the scene, and with the aid of several heavy rug, the piano cover, sofa pillow and their patent leather shoes succeeded in extinguishing the flames, not, however, until the carpet had been ruined and all the ornaments in the room, together with the piano cover and sofa pillow, while several of the young men had to replenish their stock of shoes.

The loss is considerable, but the carpet was insured, which will, of course, be replaced by the insurance company.

It would have been very bad indeed if Mrs. Hord lost her beautiful home, and we would suggest the next time the young people have a social gathering it will be out on the lawn, using the beautiful canopy of heaven for a covering, and there will be no objection of the shade.

Will Dinger, who has been visiting his parents some few days, returned to his home in Newport yesterday.

Mrs. Abner Hord of the Helena neighborhood has gone on an extended visit to Sharpsburg and Mt. Sterling.

Among the passengers on the Westbound train yesterday morning were Railroad Commissioner C. B. Foyatz and T. J. Henry and Miss Jennie Druggist.

Don't forget the baseball tomorrow afternoon at 3 p. m.

The Keystone State laid here about an hour last evening and quite a number of the passengers were up viewing the city.

Ladies, I have just received a new line of Belts and Buckles of the newest designs. I will make special low prices on them. My stock of Silver Spoons is too large, and to reduce the stock I have decided to make very low prices on them. P. J. Murphy, successor to Hopper & Murphy.

Henry W. Ray and Miss Katherine Burrow were married last evening by Rev. T. W. Watt at the home of the bride. They went to see the marriage of Frank and Miss Emily Gisell at the bride's residence, Rev. T. W. Watt at the officiating there also. They all left on the steamer Keystone State for a trip to Pittsburgh.

Two surveyors have arrived at Manchester and will survey the new electric road from that place to West Union, the road to be built and will push the road to early completion. It is expected to be running by August 15th. They have also taken the contract to light Manchester by electricity.

I desire to inform the public that I am no longer in the employ of J. J. Fitzgerald, and am now ready to serve the people on my own responsibility as a first class plumber, gas and steam fitter, will work from \$5 cents up, strictly estimated. Estimates cheerfully given on all classes of work.

GEORGE H. TRAXEL.

In the County court yesterday Margaret A. Hickley qualified as administrator of the will annexed of John F. Hickley, with Wm. C. Cole, Asst. Inventor, as appraiser of the estate. The inventory was \$3,525. The annual reports of the Stony Hollow and the Kenton Station turnpike companies were filed. The receipts of the Stony Hollow company were \$875, expenditures \$79.55. The Kenton Station company's receipts were \$805.37; expenditures were \$307.95.

STATE ENCAMPMENT

of the Sons of Veterans in Session in this City at G. A. R. Hall.

THE MAGIC CITY.

About this time last year the State Encampment of the Sons of Veterans met in this city, and after transacting their business they voted to go to another city this year.

After the delegates all went home they began to think of the way Mayville treated them and they came to the conclusion that they would try and have the State Encampment come back again, and they succeeded.

There are several important offices to be filled, that of Colonel, for instance, which is held by James L. Todd of city, and the ones who relay him will be now held by C. M. Marshall, Josephine, who now holds the office of Adjutant.

W. N. Evans, who is now Lieutenant Colonel. Both are fully capable of filling the office, but we don't want to see all the big offices go away from Mayville.

There is also a fight for Delegate at Large and the Grand Encampment, which meets at Davenport, Iowa, in August. William H. Davis, from M. C. Hutchins Camp, is a candidate.

The business transacted this morning will not amount to anything much, save the organizing, and that won't take very long.

The delegates present are—

J. N. S. Johnson, Josephine.

F. P. Perham, Augusta.

Lieutenant Colonel W. N. Evans, Augusta.

Captain W. A. Fields, Augusta.

Chaplain G. H. Johnson, Paris.

R. C. Clegg, Augusta.

R. C. Fields, Augusta.

Albert Mingas, Augusta.

Other delegates are expected to arrive today, and a grand good meeting is anticipated.

The M. C. Hutchins Camp gave a hop last night at the Neptune Hall, and it was a most enjoyable one, there being a large crowd in attendance.

Mayville's hospitality is becoming very popular abroad, and it may be she will be in a position to entertain larger bodies in a short while.

In the meantime we will hold our own as it is, and no one will ever leave this place and say they weren't treated right.

WEATHER AND CROPS.

The Present Outlook is Very Fair From Promising.

Until last Saturday there was but little change in the unfavorable weather conditions which have prevailed in Kentucky during the past two weeks. The temperature of the early part of the week was considerably below the normal and the nights exceptionally cool. From May 29th to June 1st, inclusive, frosts occurred in many places in the Eastern half of the state, but no material damage resulted beyond the killing of a great many of all vegetation. Since June 1st, normal weather conditions for the season have prevailed. But little rain fell during the week, only a few light scattered showers being reported. The amount of sunshine received was very near the normal. Reports relative to crops are generally of an unfavorable character, but the majority of them express the opinion that a period of favorable weather will nearly, if not quite, restore most of them to their normal condition.

The condition of wheat does not appear to have changed materially from that of last week, it having made little or no progress in growth. There are many complaints of injury from the snow and low temperature, but taking the state as a whole it is not thought that the damage is so general or serious as to preclude the possibility of a good crop, barring future unfavorable weather.

The outlook for corn is even less favorable than that reported last week. It has made no growth since the snow, and the cool nights since have acted as an additional retarding influence. It is generally small and unhealthy looking and needs warm sunshine to stimulate it to a rapid growth. Its condition in the Western and Southern counties is better than in the Eastern sections of the state, which suffered the most from the effects of the cold weather.

Oats are generally reported to be poor, though a few late planted fields will yield a fair crop. The condition of rye is practically the same as that of wheat.

The present prospect for tobacco cannot be said to be promising. The dry weather has prevented the work of transplanting and the plants are rapidly becoming too tall and rank. Only about half the crop is in the ground, and when rains are needed to permit the planting of the remainder. In some localities the plants are reported to have been killed by the recent frosts.

Early hemp land is being plowed over and resown in many places, but late hemp was injured but very little by the cold.

Gardens have suffered seriously, and all of the tender crops such as melons, cucumbers and sweet potatoes, are killed in many sections. The smaller fruits, except strawberries, have also been seriously damaged.

Meadows are only fair, but will be improved with rain.

GREAT SUCCESS OF "THE LEDGER'S" GIFT TO PATRONS.

Instructions How to Get a Set of the Handsomest World's Fair Views Published.

The LEDGER on Saturday began distributing to its patrons the finest series of World's Fair Views that have yet been issued. This is the testimony of all who have seen them.

Now, we will try to make plain the way to get them:

First—Cut out of THE LEDGER this coupon:

Public Ledger.

Magic City Art Portfolio Coupon.

Mail or bring to the office of THE LEDGER SIX COUPONS from different dates, and Ten Cents in postage. The coupon is to be sent in the mail.

NOTE—See Coupons of different dates for each Portfolio. There will be sixteen numbers.

June 7, 1894.

Second—When you have cut out SIX COUPONS of different dates—If you live in the city and your paper is delivered by carrier,—bring them to this office WITH TEN CENTS, and one book of THE VIEWS will be given to you. If you live at some other place, send the six coupons and ten cents by mail to this office and the book will be sent to you by mail from Philadelphia.

Third—if you have mislaid any of your coupons, you can get the books at 15 cents each, and you can get the back numbers at any time. After the set is finished appropriate binding can be had at a small cost.

The set comprises sixteen books, and when completed it will form a most magnificent volume. There's no other way in which you can secure such an art treasure for so little money.

Public Ledger

DAILY EXCEPT SUNDAY.

THOMAS A. DAVIS,
EDITOR AND OWNER.

OFFICE—Public Ledger Building, No. 10 State
Third Street.

Three Months. 75

DELIVERED BY CARRIER. 25¢
Payable to carrier at end of month.

LARGEST IN THE CITY.

TO ADVERTISEES.

Advertising rates uniform and reasonable and made known on application at the office.

Subscribers who fail to get the Ledger regularly may confer a favor by reporting the fact AT THE OFFICE.

Announcement.

Vishing to the wishes of friends in many quarters of the Ninth Congressional District, I have concluded to submit my name as a candidate for the nomination for Congress, subject to the will of the Republican Convention to be held at Augusta June 12th.

THOMAS A. DAVIS.

May 15th, 1894.

It has always been claimed by the party of Free-trade that "unprotected" industries are in no way affected by the Tariff. This is all

The Unprotected wrong. What affects one industry affects others, and if

a Protective Tariff causes prosperity directly to one class of the community it indirectly brings prosperity to others.

The American Protective Tariff League has sent blanks to 120 different dentists in the city of New York, propounding the following query:

Supposing \$100 represents your collections for the month of January, 1893, what percentage of \$100, more or less, will represent your collections for the month of January, 1894?

The answers received showed a wide range. In one case a dentist had only collected 25 per cent. as much last January as he did in January, 1893. In another case the collections were 20 per cent. larger than last year. But the average of all the replies shows collections of only 59 per cent. In other words, for every \$100 collected by these dentists in January, 1893, they collected only \$50 in January, 1894.

It appears that the Cleveland hard times have not affected the amount of work of the dentists in very many instances. But people call for less expensive work. Consequently the earnings of the dentists are less, besides being unable to collect what he does earn. It is a point that dentists in every city in the country should remember, that under a Free-trade Administration collections of money earned fell off 41 per cent. within a year. For every \$100 they got \$59. Protection to other industries makes the dentist's business the more prosperous.

Central City has two suns to brighten things up. The last Sun began operations Monday.

CLOSING EXERCISES.

They were largely attended at the Opera-House last night.

Haywood's closing exercises last night at the Opera-House drew a large audience of our citizens and a large number from the country.

The stage was beautifully decorated for the occasion with beautiful flowers and "sweet girl graduates," and all present gave their opinions freely that it was a success in every particular.

The program was gone through, and the essays were well written and deserved to be highly complimented, which they were, and the diplomas were given to three young ladies who really and truly merited them. It is to be noted that the graduates were all reared in Mayville.

The roll of honor was large, it being composed of pupils from all the classes of the grand institution.

Several medals were awarded to those who distinguished themselves, and heretofore, the closing exercises of Hayes wood Female Seminary will be looked forward to with much pleasure.

It is but due this institution to say that nowhere can a young lady secure a better education than will fit her for a life of usefulness than at Hayes wood. There is a corps of teachers there who are fully capable of training the young, the mind-imbued and the old.

WHERE ARE WE AT?
"The Louisville Times" Wants to
Know the Above Question.

The Louisville Times, one of the staunchest Democratic papers in this state, has undoubtedly "tore its pants" with the Editor of The Bulletin and all the rest of the little Dickey Bird Cuckoos in this nest of the woods by reliving itself of the following truth:

If there is nothing the matter with the Cleveland Administration, as the Dickey Bird Cuckoos maintain, how comes it that it has been condemned at every election held within the past year?

A Tammany District, with a normal Democratic majority of \$1,000, sends a Republican to Congress by a majority of 4,000.

An Illinois District, with an ordinary Democratic majority of 6,000, elects a Republican Supreme Judge by 4,000.

Cities, counties, districts and states that stood like stone walls through long years of defeat, have wavered and fled in the face of incompetency and treachery.

No General ever commanded a more steadfast, patient and courageous army of veterans—than the one that carried the Cleveland banner to victory a second time last fall.

Where is it and what is the matter with that army now?

Waterson was right. "Cleveland is full of friends."

He is in the broken ranks knows where the commandant stands in the matter of the party's pledges to reform the Tariff for purposes of revenue only and repeal the prohibitory Federal tax on state banks?

The only answer is cuckoo! Let him be satisfied with it. The great body of the rank and file are not.

A Paris Man.

The Editor of The Bourbon News must be the man referred to in the last sentence of this paragraph, judging from the way he is supporting Breckinridge. We clip it from that paper:

Service was held in this city occurred at the Kentucky Central passenger depot Friday night. The evening train, which was delayed here on account of a small wreck on the road, was crowded with ministers and their wives en route to Carlisle to attend the meeting of the Baptist Association, and while the train waited here a religious service was held in one of the passenger coaches. One of the ministers delivered an interesting talk and another gave an entertaining lecture on the subject of "Mexico," and the ladies assisted in a beautiful song service. The service was novel and was highly enjoyed by the passengers. One man in the car had not heard a sermon for six years."

Mr. Ward, the new Foreman of the Globe Laundry, is turning out excellent work. Send your work to the Globe Laundry. All work guaranteed.

Frank Owens Hardware Co. have large stock of the very best Plated Knives and Forks, Spoons, Table and Pocket Cutlery, Scissors and Shears, all of best makes.

The weather being very changeable it is well to be prepared. Any size Tarpaulin wanted from six feet to one hundred feet square if desired. Frank Owens Hardware Co. make them, and warrant them positively Water Proof.

Fifty cents is a small doctor bill, but that is all you cost to you to cure any ordinary case of rheumatism if you use Dr. Chapman's Pain Balsam. Try it and you will be surprised at the prompt relief it affords. The first application will quiet the pain. Fifty cent bottles for sale by Dr. C. Power, Druggist.

Where to Inquire.

Persons desirous of joining the A. P. A. or those interested in the purposes of the Order, will please address Box 495, Mayville, Ky.

AT Ruggles

Camp Ground,

WEDNESDAY, JULY 4TH, 1894.

The following privileges will be left to the best bidder: Hotel, Confectionery, Stable, Bar-keep and Barber Shop. The Board room will be left to the best bidder, and the bids, which will be opened at 10:30 a.m. on the morning of the 4th, will be for the use of the grounds from 2d to 16th. Eminent clergymen will be present, and among these will be Dr. J. C. Chapman, Dr. W. H. Powers, Dr. North Herald, Chicago, Ill., and Rev. Dr. W. C. Clark, of the First Congregational Church, and Revs. Dr. H. Frenzer and H. J. Clark, of the Covington and Ashland Districts. Revs. Dr. H. Frenzer and H. J. Clark, of the Covington and Ashland Districts. Revs. Dr. H. Frenzer and H. J. Clark, of the Covington and Ashland Districts. All one desireing cottages write to Mr. Lane, Mayville, Ky. Several cottages have been taken.

Central City has two suns to brighten things up. The last Sun began operations Monday.

CLOSING EXERCISES.

They were largely attended at the Opera-House last night.

Haywood's closing exercises last night at the Opera-House drew a large audience of our citizens and a large number from the country.

The stage was beautifully decorated for the occasion with beautiful flowers and "sweet girl graduates," and all present gave their opinions freely that it was a success in every particular.

The program was gone through, and the essays were well written and deserved to be highly complimented, which they were, and the diplomas were given to three young ladies who really and truly merited them. It is to be noted that the graduates were all reared in Mayville.

The roll of honor was large, it being composed of pupils from all the classes of the grand institution.

Several medals were awarded to those who distinguished themselves, and heretofore, the closing exercises of Hayes wood Female Seminary will be looked forward to with much pleasure.

It is but due this institution to say that nowhere can a young lady secure a better education than will fit her for a life of usefulness than at Hayes wood. There is a corps of teachers there who are fully capable of training the young, the mind-imbued and the old.

The noted, scientific, practical Optician,

LOUIS LANDMAN

Optician, Dresser, O. will

be at the Central Hotel, Mayville, Ky.

Thursday and Friday, June 14th, 15th.

Fifteen years experience is what he has had in the business of Optics, and he is well versed in vision by glasses. Having finished lectures for present season will now be able to positively announced dates in the future.

A. P. A. MANUAL

This unique and care-

fully compiled pocket

and instructive information relating to the A. P. A. and orders will be filled promptly.

It is ably edited, and printed in an

attractive form on book paper, presenting an

order should carry one of these little books to his dentist, and he will be sure to

get a receipt of 10 cents. Special rates to

Councils. Agents wanted.

IN ILLINOIS.

Bloody Work of Miners in the Peoria District.

Strikers Assault the Little Mine, Near Wesley City, Ill.

Result: One Man Dead, Several Men on the Verge of the Grave, Three of the Priests Wounded, and \$30,000 in Property Destroyed.

PROB. Ill., June 7.—One dead body, several men on the verge of the grave, a number of others seriously injured, \$30,000 worth of property absolutely destroyed, mines made desolate, etc., tell the tale of the strike against the miners of the Peoria district to close the mine operated by Little Brothers, in Tazewell county, a mile or more back of Wesley City.

It is the sequel of the meeting held at Peoria, June 5, when, about which there was so much secrecy. No one could get the faintest inkling of what was done at the meeting. Now everybody knows.

It was decided, at that time that the Little Brothers' mine must close.

There could be no equivocation, no quibbling in half-way measures. It must close and remain closed.

In consequence of the conclusion arrived at, at this meeting about 400 miners started out of Bartonsville at 1:30 Wednesday afternoon. They came from nearly all the mines in the district. When they got there, having been previously said on the subject, except in the utmost secrecy, every man of them apparently came armed. They were desperate, and were ready to use desperate means to accomplish desperate ends.

They went. All but one of them has returned. He will return some time Thursday in all probability in a coffin.

The result of the visit is best told in the list of dead and wounded, as follows:

Dead: Edward Blythe, of Bartonsville, shot in side of neck and killed instantly. He is a maimed invalid.

Injured—James Little, shot twice in the body; thought to be fatally injured.

Peter Little, single shot in the left eye and in right arm; not seriously injured.

Peter Little, jr., shot in the left side.

William Dixon, colored, shot in right arm and through left shoulder; may die.

Several miners were shot, but they were taken away, and no one could secure any information from them about anything.

World's Largest Horse Dead.

DETROIT, Mich., June 7.—King William, one of the great attractions at the World's fair and the largest horse in the world, died at Chesterfield Tuesday night. He was being shipped to Coney Island for exhibition, and was taken sick and unloaded at Chesterfield. King William was 27½ hands high, and weighed 3,000 pounds. He was insured for \$10,000. A representative of Kohl and Middleton's museum came out Wednesday night to try and buy the body. Mr. Westlake was offered \$10,000 for him just before leaving Chicago. His body will be stuffed for exhibition purposes.

Decision Against the Republicans.

DETROIT, Mich., June 7.—Judge McNutt, of the superior court, in the McHugh law controversy here, Wednesday afternoon continued the restraining injunction against Fire Chief Jones, republican, who forcibly seized the office Sunday morning. The court holds that he is not guilty of determining the lawful occupant, and that Kennedy being in Jones must proceed in the courts to show his claim, and not by force and strategy try to obtain the office. The decision practically keeps Kennedy in.

Expllosion in the Carpenter.

DETROIT, Mich., June 7.—Harvey Wright, the porter, was seriously, if not fatally, burned, and ten or twelve passengers slightly injured by the explosion of a steam heater in a chair car on the Burlington near this city at an early hour Wednesday morning. The accident occurred on a high bridge, and as the car was moving, the passengers, a number of passengers experienced a narrow escape from falling in the river in their efforts to leave the car, which rapidly filled with steam.

Game Played Wednesday.

A Young Man for Congress.

KOKOMO, Ind., June 7.—The republicans of the Ninth congressional district, Wednesday, nominated Hon. J. Frank Hanley, for congress on the ninety-third ballot. W. R. Wood, of Lafayette, lost out to the nineteen-first ballot. Hanley is a young man of 30 years. His nomination is universally satisfactory.

Shots Exchanged.

TERRE HAUTE, Ind., June 7.—A bullet just received from Farmersburg, Ind., state that guards have been fired upon by strikers and fifty shots returned. Everything is excitement, but the officers have matters well in hand.

Frightfully Burned.

LOGANSPORE, Ind., June 7.—Royal Center has a sensation in an attempt to mob John R. Burton, editor of the Royal Courier. Burton barely escaped the mob, and left Washington at 10 o'clock Wednesday in a special car over the Pennsylvania road for Gray Gables. At New York the party will take a boat for Fall River.

QUICKLY PASSED

Is the Tobacco Schedule of the Tariff—Several Duties Raised Above the House Figure?—Answer, June 7.—In the senate, after some routine business, the tariff bill was taken up at 10:30 a. m., Wednesday, the question being on the tobacco schedule (F).

Paragraph 184, as it came from the house, and as it was reported by the finance committee, contained a duty of 50¢ per pound on all leaf tobacco, probably for cigar wrappers, if unstemmed, and \$1.25 per pound if stemmed. The Jones amendment was to strike out the paragraph and substitute for it the following:

"A Wrapper tobacco, unstemmed, imported in any bale, package, or in bulk, \$1.50 per pound; if stemmed, \$2.25 per pound."

Mr. Jones (dem., Ark.), on behalf of the finance committee, now modified the amendment by making the rates \$1 and 50¢ on all leaf tobacco, and \$1.25 on stemmed (the house rates).

Mr. Platt (rep., Conn.) opposed the modification, and Mr. Vest (dem., Mo.) on behalf of the finance committee, suggested that the modification be withdrawn and that the amendment remain as originally proposed—\$1.50 and 50¢ per pound.

Mr. Vest's suggestion was concurred in and the Jones amendment, as originally proposed, was agreed to.

The next paragraph (185) read, as it came from the house and as it was reported from the finance committee: "A large force of striking miners, numbering 400, have been in session of the B. & O. at Mineral Siding, and are interfering with trains by running freight trains in on sidings and demanding that all coal cars be set out before the train is allowed to proceed, placing ties on the track, stones, rails, etc. I am informed that other miners are coming to their assistance."

The amendment proposed by Mr. Jones (dem., Ark.) on behalf of the finance committee, was to substitute for that paragraph the following: "For the miners who are now in the bale, package or in bulk, 50 cents per pound; if stemmed, 50 cents per pound."

The amendment proposed by Mr. Jones (dem., Ark.) on behalf of the finance committee, was to substitute for that paragraph the following: "For the miners who are now in the bale, package or in bulk, 50 cents per pound; if stemmed, 50 cents per pound."

The amendment was agreed to.

The next paragraph (186) remains in the house bill—40 cents per pound on tobacco not specifically provided for in the bill.

The next paragraph (187) was amended so as to make the duty on snuff 50 cents per pound, instead of 40.

The paragraph (188) was amended so as to reduce "Cigars, cigarettes and chewing tobacco" 24 per pound to 23 per cent ad valorem, and paper-cigars and cigarettes including wrappers, shall be subject to the same duties as are herein imposed upon cigar.

This finished the tobacco schedule.

SHE PREFERENCES NUMBER TWO.

Mrs. Dowd-Higgins Has One Husband Too Many.

NEWARK, N. J., June 7.—When Patrick Dowd, after an absence of twenty-seven years, turned up at his home in this city, he found that his wife, believing him dead, had been married three times since his disappearance. Higgins. Mrs. Dowd-Higgins, received a letter about four years ago from the chief of police of Louisville, Ky., saying her husband was dead in St. Louis of yellow fever. She was mourning for Dowd alone to the time of his arrival Higgins. After meeting Higgins in Louisville, he came to this country and settled in Bloomfield, where Higgins purchased houses and lot and gave them to his wife. Higgins was about to go to work when Dowd arrived. Dowd, recognizing his first husband, left him. When he returned, Dowd told Higgins who he was. The second husband did not believe the story until his wife confirmed it. Both husbands talked the matter over, which ended in Dowd telling Higgins that he had anything to do with his wife that he wanted him to do. Higgins had better take it and get out. Higgins has retained a lawyer and so has Mrs. Higgins, who says she will apply for a divorce from Dowd on the ground of desertion, as she is happy and contented with Higgins. Dowd says he has been in the county. Higgins has so frequently wrote to his sons, but he kept it from his mother. In March the woman's eldest son called on her and remained several days. He said he was going west to an uncle in Montana. The uncle proves to have been his father.

Strike Affects Business in Illinois.

SPRINGFIELD, Ill., June 7.—A coal famine in this state is now at its height and will remain so as long as the miners refrain from working. The proclamation says: "Investigation into the character of the miners of this state shows that it is not only inhuman and brutalizing to the mind and indecent, and therefore abhorrent to Christian civilization, but that its aims and purposes are a menace to the peace and welfare of communities, insomuch as it is an initiative certain that individuals will resort to ranks of recognized warriors."

Local authorities of counties are directed to take steps necessary to enforce inhibition.

Scotch-Irish Congress.

DETROIT, Mich., June 7.—The capital of the Scotch-Irish State is filling up with the sun dance of the Cree Indians at Great Falls. The proclamation says: "Investigation into the character of the miners of this state shows that it is not only inhuman and brutalizing to the mind and indecent, and therefore abhorrent to Christian civilization, but that its aims and purposes are a menace to the peace and welfare of communities, insomuch as it is an initiative certain that individuals will resort to ranks of recognized warriors."
